

CIVIL ENGINEERING DESIGN TECHNICIAN - Dorset

From £14K, salary negotiable dependent on experience

Such Salinger Peters Ltd, a Civil Engineering Consultancy are seeking to recruit **Engineering Technicians** for their Bournemouth office with the prospect of the successful candidate becoming more qualified in due course as appropriate. The vacancies have arisen as a result of planned growth and the ideal candidate would be assisted with working towards gaining industry qualifications and ultimately professional membership of an appropriate institution. Day release student placements considered.

The successful candidate will need to have a full UK driving licence in addition to good demonstrable PC experience with preferably knowledge of AutoCAD and other industry standard design related software.

You will have excellent communication skills, be ambitious with a desire to progress your career. We provide excellent ongoing training opportunities and a negotiable salary package depending on the candidate's level of experience and ability, but likely to be in the region of £14,000 - £20,000 p.a.

The Bournemouth design office currently has a turnover of approximately £900K and employs 11 technical staff for which the day to day management lies with hands on Directors. Typical projects range in value from £1K to £500K in capital value and the candidate will need to be able to assist with the different engineering requirements required for a variety of projects including site surveys and working away from Dorset for part or whole weeks at a time.

Written applications in confidence to J E Peters, BSc CEng MICE, Such Salinger Peters, Fourth Floor, Dean Park House, 8 – 10 Dean Park Crescent, Bournemouth, Dorset, BH1 1HL or by e-mail to recruitment@sspconsulting.co.uk.

Such Salinger Peters are an equal opportunities employer and the candidate will be selected on merit.
